EARTH DAY

It's Our Turn to LEAD.

Earth Day's 45th anniversary - could be the most exciting year in environmental history.

19 20 59 30

days hours minutes seconds

The Issue

Today, people everywhere are experiencing first-hand the devastating consequences of countries polluting their way to the top. Populations worldwide are in immediate danger, making it more urgent to act than ever before.

We must come together and inspire our communities to do their part in securing a healthy and sustainable future for the planet.
